

Williams

Parents Fund

Final Report 2016

Generous support from Eph families helped Williams provide an undergraduate experience that continues to set the standard for liberal arts education.

Another record-breaking year for the Parents Fund! Nearly 1,300 families made gifts of all amounts that totaled \$2.15 million for our Ephs—every gift counted towards the Teach It Forward Campaign.

Spearheading the effort were dedicated Parents Fund co-chairs James Nuzzo P'16 and C.C. Reed P'17. With the help of more than 60 volunteer families, they inspired fellow families to join them in supporting Williams.

On behalf of all Ephs and the entire Williams family, a big thank you to all our Parents Fund donors and volunteers!
